PEONAGE CHARGE IS BEING PRESSED

Federal Authorities Seeking to Unearth

IMPRISONMENT IN THE SOUTH

Federal Grand Jury Is Now Investigating Charges Against Georgia Citizens Which Have Resulted from Government Probing.

Atlanta, Nov. 1.—The federal grand jury for the northern district of Georgia is now investigating the charges of peonage brought against a number of citizens of this state as the result of an investigation which has been conducted by Assistant Attorney General Charles W. Russell, who has been in Georgia for the past ten days.

The investigation was brought to light by the presence around the federal building of a number of foreigners who claim to have been held in bondage by Georgians living down the West Point road. From Newnan and other points in that section have also come reports of the investigations being made by the government in the effort to stir up trouble for Georgians in this direction.

It is understood that Assistant Attorney General Russell has been sent out by the special direction of President Roosevelt and in this connection it will be remembered that an effort to fasten the charge of peonage on a number of prominent Georgia citizens was made by government attorneys two years ago, but the crusade proved unsuccessful. It seems that the result of the investigations made at that time did not satisfy the officials of the department of justice, for the effort is now being renewed.

The Atlanta, Birmingham and Atlantic railway has a lot of trouble with laborers which it has brought to Georgia to work on its line. Many of these men after making contracts to work out their railroad fare, have proceeded to jump the camps as soon after reaching them as possible. Railroad officials who tried to force these laborers to live up to the agreements they had made found themselves facing charges of peonage.

Gentlemen interested in attracting immigrants to the south declare that these charges have in a number of instances been trumped up by agents of railroads leading to the west in order to keep immigrants out of the south.

Fell in Fit When Sentenced.

Huntsville, Ala., Nov. 1.—Will Campbell, a young white man, was arrested on a charge of stealing a bale of cotton from the Lowe cotton mill. He was convicted and sentenced to a term of 12 months at hard labor. When Campbell heard the sentence pronounced he had an epileptic fit that continued an hour or more, causing great excitement in the court room. He was taken to the hospital. Campbell was arrested a few days ago on a charge of forgery and had a fit when the warrant was served on him, his unfortunate condition excited so much pity that the prosecution was withdrawn.

Two Policemen Sentenced.

Savannah, Ga., Nov. 1.—E. C. Tabb and C. H. Ruth, formerly policemen on the force of the Ocean Steamship company here, were sentenced by Judge George T. Cann in the superior court to pay a fine of $75 and costs and serve six months in jail. Should the fines and costs not be paid, additional service of one year on the chaingang will be required. John Ray, a negro, had the same sentence imposed. All three men pleaded guilty. They were charged with theft of valuable goods from the wharves of the company. Four other policemen are to be tried next week on similar charges.

University of Moscow Closed.

Moscow, Nov. 1.—The University of Moscow was closed Wednesday by order of the rector until Nov. 12, in consequence of violations of the rule against open political meetings being held in the university buildings.

ARMED BLACKS ARE MENACING.

Trouble in Cuba Apparently Not Yet Over.

Havana, Nov. 1.—Major Theodore P. Kane, commander of the marines stationed at Cienfuegos, has sent in a report to the effect that on Oct. 27 he was informed that a serious uprising was on foot. He at once posted a strong guard at the entrances to the city with orders not to permit armed persons to pass in or out. He then went reconnoitering, and in the town of Gaunao, 4 miles to the northeast, he found Conlole Toledo at the head of a mounted and unarmed body of 100 ex-insurgents. Toledo said he had organized for the purpose of resisting a threatened attack by the Moderates. Major Kane explained that their fears were unfounded and advised Colonel Toledo to disband his mounted men and send them back to their homes. This advice was followed.

A similar gathering near Sancti Spiritus also was dispersed.

From Mantanzas come further complaints of the threatening attitude of bands of armed negroes in that vicinity, but no overt acts have been committed.

Governor Magoon has appointed Mr. Charles Hernandez to be director of posts and telegraphs. Senor Hernandez occupied this position during the first period of American intervention.

The resignation of General Rafael Montalvo as warden of the penitentiary having been accepted, the assistant warden has been placed in charge of the institution.

More Portions of Body Found.

Bessemer, Ala., Nov. 1.—Another portion of the human body, the trunk of which was found in the spetic plant of the Jefferson county sewer Sunday, has just been discovered. A portion of the leg and also a piece of the liver have been fished from the big sewer port of the system which drains Jones valley, including Birmingham. The coroner's jury is investigating the find, and numerous theories are being advanced. Several more fragments of clothing found lead more strongly to the belief that the body may be that of Jean St. John a barber, who disappeared from Brighton two months ago. Indications are that the human fragments floated for miles through the big sewer and lodged where found.

150 Students Are Suspended.

Appleton, Wis., Nov. 1.—One hundred and fifteen students of Lawrence university were suspended because they refused to pay $29 damages to property as the result of a recent class encounter. President Plantz declared at chapel exercises that in no event will any of the boys be permitted to return unless the entire sum is paid. The suspended students, with sepcially prepared banners, paraded the public thoroughfares. They declare they will leave for home before they will pay the money.

Plot for Wholesale Theft.

Macon, Ga., Nov. 1.—In the arrest of Lewis, two negroes, the police here believe they have discovered a plot for wholesale robbery from the Central railroad warehouses. The negroes were disposing of some cases of shoes when captured. They declared they had found them hidden away, as the goods of other thieves. The officers believe the disclosure will reveal a clever scheme of the whites, and they are now working up the case.

Train Kills Drunk Man.

Chattanooga, Tenn., Nov. 1.—Lying in a drunken stupor on the cross ties of the Central of Georgia railroad near the Chattanooga distillery, John Brown, a one-armed employe of the Montague Pipe Works, was struck and instantly killed by a Central of Georgia switch engine. Brown's head was crushed to a pulp. He leaves a wife and several children practically destitute.

Switchmen Strike at Galveston.

Galveston, Tex., Nov. 1.—A strike among the switchmen employed by the Galveston Wharf company occurred here Tuesday evening at 5 o'clock. Eight engines and about 30 men are involved. The strikers are all members of the switchmen's union. They desire an 8-hour day and a considerable increase in pay per hour.

MODERN GUNS IN HANDS OF INDIANS

Renegade Utes Wear War Paint and Feathers.

LARGE BANDS JOINING THE UTES

Cheyennes Are Ready to Fight at the Drop of the Hat and Are the Best Armed Tribe of Indians in the United States.

Butte, Mont., Nov. 1.—A special from Sheridan, Wyom., says:

Danger from the 700 or 800 Cheyenne Indians joining the renegrade Ute band has become a reality. Today six companies will leave Sheridan and proceed up Togue river to assist and join forces with the troops from Fort Keogh expected to arrive there tonight.

The troops from here cannot hope to make Ashland, 80 miles north, before Thursday evening. This military force is in command of Colonel Auger, of the Twelfth cavalry, and will be guided by C. C. Rousculp, better known as "Jesse James Rousculp." He is familiar with the Indians and especially with the Cheyennes, having campaigned with General Crook here in 1868. He was also in the battle of the Little Muddy in 1867, and was present when Chief Lame Deer, of the Cheyennes, attempted to shoot General Miles.

According to Rousculp, the Cheyennes are ready to fight at the drop of the hat, and are the best armed tribe in the United States. He says the Indians have been buying modern guns and ammunition for the past year, and the young bloods are anxious to follow in the footsteps of their old chieftain, Little Wolf, Lame Deer and Standing Wolf. Rousculp's statement explains the hurried change in the plans of the troops under Colonel Auger. They expected to unload today at Arvada, but instead they were brought to Sheridan and the wagons sent ahead at once.

The Indians are sullen and seem not at all afraid of the soldiers. The troops from Fort Meade, under command of Colonel Rogers, coming overland, are expected to re-inforce the troops now watching the Indians before morning, but no attack is planned until the concentration of the entire force now in the field. It is thought the plans of Chief Scout Charles Long, will be followed, and an attempt made to catch the Indians at night, when all are together. Private advices received here, report the killing of a sheep herder on Butte Creek and the destruction of a herd of sheep by a band of Ute Indians.

Must Print 3,000,000 Ballots.

New York, Nov. 1.—There is some doubt in the minds of the members of the election board whether the ballots for Tuesday's election can be printed in time. Never before has so short a time been allowed the printers to get out the enormous amount of work before them, and it was admitted when the decision of the court of appeals was received that only by the exertion of every energy could the ballots be in the voting places when the polls open on Tuesday morning. The actual work of printing is a big task. There must be printed three million ballots, and they are to be divided among 1,487 election districts.

Destructive Prairie Fire.

Dickinson, N. D., Nov. 1.—Reports received here show that the prairie fire which swept the country south of here Sunday was the worst fire of its kind in 17 years. The fire started north of Stillwater and burned a path 7 miles wide. Buildings, hay, cattle, horses, hogs and sheep were destroyed. No fatalities were reported, but several persons were badly burned.

Scalded to Death by Sulphur Well.

Lake Charles, La., Nov. 1.—Matthew I. Perkins was scalded to death here by the blowing up of a sulphur well. He was on a derrick 20 feet above the well when the water shot into the air, knocking him to the ground.

COACHMAN IS FOUND GUILTY.

Jury Finds Hooe Committed Perjury to Ruin Mrs. Hartje.

Pittsburg, Pa., Nov. 1.—Clifford Hooe, the negro coachman formerly for Augustus Hartje, was convicted of perjury in connection with a deposition against Mrs. Mary Scott Hartje, and which formed the basis of the recent sensational Hartje divorce trial. The case was submitted to the jury at 12:50 o'clock. Only one ballot was taken and when court convened at 1 o'clock the verdict was announced.

The closing features of the case were sensational and exciting.

The attorneys during the arguments attacked one another indiscriminately with accusations and during the address of Assistant District Attorney Robb the negro defendant jumped from his seat and shouted that the attorney lied.

Attorney J. Scott Ferguson addressed the jury for the defense, making an impassioned appeal for the negro and criticising Assistant District Attorney Robb.

Mr. Robb in closing the case for the state scored not only the defendant but also his counsel, being interrupted time and again, and on one occasion Mr. Ferguson gave notice that he would apply for a new trial because of Mr. Robb's remarks.

Judge Fraser's charge to the jury was an impartial review of the law and evidence, and thus ended a trial, which for scandal, has seldom, if ever, been equaled in Pittsburg.

Killed by a Train.

Alexander City, Ala., Nov. 1.—In an effort to board a moving train R. E. Baxley, a resident of Alexander City, was caught in the wheels and frightfully mangled, causing his death within a few minutes. Baxley had on two or three occasions insisted upon the agent to stop the freight train, and when he found the orders would not be broken, he then made a dash at the moving train. There were three other boys who made a run for the train at the same time and got on safely, but Baxley's legs were cut off near the body, his left arm and hand torn up and his head and face frightfully crushed.

Mrs. Crutchfield Better.

Atlanta, Ga., Nov. 1.—Mrs. J. H. Crutchfield, who was a victim of her husband's shotgun on Thursday last, is on the road to rapid recovery at the hospital. Since the operation and amputation of her right leg above the knee, she has been rapidly recovering her strength. Crutchfield is still in the Fulton county jail, on the fifth floor, awaiting a trial. He is represented by Attorneys Reuben Arnold and Van Astor Batchelor. Its is probable that as soon as a decisive change is taken in the condition of his wife, a bond will be fixed.

Vicious Hog Mutilates Boy.

Columbia, S. C., Nov. 1.—A child of Mr. and Mrs. Elisha Scruggs, who reside about 12 miles from Gaffney, in Cherokee county, while lying in bed, had both hands and arms eaten and lacerated by a vicious hog, which in some manner managed to get into the bed where the child was sleeping. Dr. Allen, who attended the child, says that it is probable that the child will lose both hands. The child was alone in the house at the time, the parents being out looking after something about the lot. The child was a boy about 2 years old.

Insane Child Set Fire to Brother.

New York, Nov. 1.—Taken home only a week ago from an insane asylum, Robert Dowd, 6 years old, set fire to his 11-months-old brother while he was asleep in a baby carriage at their home in Newark, N. J. Mrs. Dowd heard the child scream, and smothered the flames with a blanket. Then she ran with the baby to the city hospital, where th doctors hold out little hope for its life.

War Veteran Dead.

Nashville, Nov. 1.—A Bristol, Tenn., dispatch says that Thomas Wright, perhaps the most seriously wounded veteran that survived the civil war, is dead at his home here, aged 76. He participated in most of the principal battles of the war and was severely wounded sixteen times, and was once left on the field for dead. He was a sailor of Virginia.

DR. STROUSE TO MAKE HOME HERE

Will Ship All Fine Horses and Vehicles to Gainesville.

FIRST CONSIGNMENT HERE

Rumored That Dr. Strouse and C. W. Chase Will be Interested Jointly in Fine Stock Farm, Which is to be Established in Gainesville.

Rev. Clarence B. Strouse, the noted evangelist who has accomplished a great deal in the upbuilding of this city and section religiously, morally, commercially and otherwise, and largely through the efforts and energy of whom the magnificent Tabernacle was constructed and the Florida Winter Bible Conference, Christain Workers' Institute and Gainesville Chautauqua were established, has decided to become a citizen of this city in reality.

Dr. Strouse, who is known all over the United States as one of the greatest and most successful revivalists of the present day, is also a fancier of horses, and it is rumored that he and C. W. Chase have stock farm interests together. They own a number of fine horses jointly, among them a fine four-in-hand team—four beautiful chestnuts. The horses will be cared for by a head groom and two assistants, all Scotchmen of experience.

The first consignment of horses arrived in this city from New York by express Wednesday afternoon. They came in a private car, and were attended by three grooms. The animals attracted a great deal of attention upon the streets Thursday.

It is understood that Dr. Strouse will ship all his vehicles and horses here, and will hereafter spend the greater part of his time in Gainesville.

Work on Elks' Home.

Work of alteration, additions and other improvements on the Turner house, corner West Liberty and South Pleasant streets, which was recently purchased by Gainesville Lodge No. 990, B. P. O. E., and will be used by that lodge for a home, is progressing nicely. Workmen have about completed the laying of brick for the furnace, which will be a roomy one, and lumber is on the ground preparatory to making the addition. It is the purpose of the Elks to have one of the most comfortable and up-to-date little homes in the State, which will be adequate in accommodations for many years.

New Office Building.

Workmen are engaged in making excavations for a foundation on the lot at the corner of East Main street N. and East Mechanic street, where it is understood a magnificent office building will be erected by the owner of the property, Lee Graham. It is one of the most desirable locations for the purpose in the city.

A HAPPY MARRIAGE.

Mr. James B. Dell and Miss Eva Haile United in Matrimony.

There was a quiet but happy marriage of two popular young people at the home of Mr. and Mrs. H. C. Deuton at 7 o'clock Thursday evening, the contracting parties being James B. Dell and Miss Eva Haile. The Rev Francis H. Craighill of Holy Trinity Episcopal Church performed the ceremony in the presence of only the immediate relatives of the contracting parties.

The bride looked exquisitely charming in white chiffon over white taffeta. She carried a handsome boquet of bride's roses The groom wore the conventional black.

Little Miss Jessie Chesnut, niece of the bride, acted as maid of honor. Her costume consisted of white chiffon over white point de sprit.

The happy young couple expect to make their departure today for Miami and other points on the East Coast, where they will spend their honeymoon.

No two young people in Gainesville are more widely known or more popular in social circles, and their hosts of friends extend heartiest congratulations.

An Approaching Marriage.

Mr. and Mrs. J. Van Burke of this city have issued invitations announcing the marriage of their daughter, Miss Lillian Roberts, to Mr. James Richardson Merchant of Gainesville, Fla. The ceremony is to take place Wendesday, November 14, at 5 o'clock p. m., at the home of the bride's parents, No. 205 East Third street. Immediately after the ceremony a reception will be tendered to the bridal party and guests, and after that the bridal couple will leave on a wedding journey. Upon their return they will make their home in Gainesville, where Mr. Merchant is the business manager of The Gainesville Sun. The bride is an accomplished and popular young lady of this city, whose many friends wish her every joy and happiness.—Times-Union, Thursday.

Pleasant Hallowe'en Party.

A Hallowe'en party of unusual enjoyment was given by way of a surprise to Miss Myrtice Dean. Numerous games were played and startling ghost stories told in a dim-lit room, and at this time the ghost entered, much to their surprise.

A great deal of fun was in the bobbing for apples from a large tub. Jack-o'-lanterns furnished the light for this festive occasion.

At a late hour frappe was dispensed from a cozy nook in the hall, and all kinds of fruits were served from a pumpkin basket and candy was also enjoyed.

Those assisting in entertaining were Mrs. Selman A. Ledbetter and Miss Mary Trotter, and those present were Misses Fannie Burkhim, Jessie Butler, Mozelle Durst, Mayme McGrew, Winnifred Pedrick and Myrtice Dean; Messrs. Gibbs Chesnut, George Reddick, Davis Douglass, Thomas Dean, Eddie Butler, Alley Shands, Ben McCormack and Ural Durst.

The Baptist Hallowe'en.

The home of Rev. and Mrs. S. B. Rogers on Wednesday evening was a scene of gaiety, the occasion being a Hallowe'en party given by the Baptist Young People's Union, at which was present the Baptist squad of the University of Florida. The evening was passed in a manner appropriate to Hallowe'en entertainments, and at a late hour the guests departed, after spending a delightful evening.

Cottolene

Shortens your food— Lengthens your life

Cottolene is a cleanly, wholesome product. It is made from cotton seed oil, in a thoroughly modern and hygienic manner, and is just as pure as olive oil. It, moreover, makes palatable, digestible, healthful food which will agree with the most delicate stomach. Lard food on the contrary, is indigestible, and will cause trouble if its use is persisted in.

Cottolene is endorsed by the most promi cooks and household economists of the cou as well as by that portion of the medical pr sion who have made a study of pure f There is no substitute for *Cottolene* because t is no shortening so good as *Cottolene*. It st alone as everyone who has used it according to directions will verify.

COTTOLENE was granted a GRAND PRIZE (highest possible award) over all other cooking fats at the recent Louisiana Purchase Exposition, and food cooked with COTTOLENE another GRAND PRIZE.

NEWS OF CITY AND COUNTY CONDENSED

As an advertising medium A. L. Vidal says The Sun is absolutely "to the good." He advertised in a recent issue souvenir postals of Gainesville and Florida scenes, and received from a party in Manchester, N. H., an order, with the statement that the party had noted the advertisement in The Sun.

Mr. and Mrs. Frank Richardson and son, Frank, Jr., are in the city from Jacksonville, and are guests of Dr. and Mrs. J. F. McKinstry, Jr. They have recently returned from a delightful and beneficial trip to New York. Mr. Richardson was superintendent of work on the University buildings, and made many friends during his stay here.

HAVE YOU CATARRH?

Breathe Hyomei and Get Relief and Cure—Sold Under Guarantee.

If you have catarrh, with offensive breath, burning pains in the throat, coughing, raising of mucous, difficulty in breathing, sneezing, huskiness, discharge from the nose, tickling and dropping at the back of the throat, especially at night, coughing spasms, etc., begin the use of Hyomei at once.

Its healing medication will give relief in a few days and its continued use will completely drive all catarrhal germs from the system.

Hyomei contains nature's healing oils and balsams, the germ-killing properties of the pine-forests, and goes with the air you breathe to the remote cells of the respiratory organs, searching out and killing all catarrhal germs and soothing and healing any irritation there may be in the mucous membrane. It is easy and pleasant to use Hyomei, pleasanter than most of the stomach dosing, as its healing air is breathed through a neat pocket inhaler, which can be carried in the purse or vest-pocket, and carries medication to just the spot where relief is needed.

The complete Hyomei outfit costs but $1, extra bottles, if needed, 50 cents, and J. W. McCollum & Co. give their personal guarantee with every package that money will be refunded unless the treatment cures. This shows their faith in the power of Hyomei to cure catarrh.

THUNDERS OF OLD LONDON

The Most Famous Storm of the Last Century Was In 1846.

The most notable thunderstorms on record in London have generally occurred in the month of August. That which made the greatest impression on contemporary observers during the nineteenth century happened on the 1st of the month as long ago as the year 1846, and remarkable accounts of its ravages may be found in the journals of the day. A thunderstorm is not a good subject for a picture, but there appeared in one of the illustrated papers a view of "London during the storm—from Blackheath," which, whether a work of pure imagination or actually drawn from nature, was exceedingly realistic and impressive. The special feature of the storm was the hail with which it was accompanied, though the thermometer stood at 93 degrees in the shade. The panes of glass which were broken by the icy shower were to be counted by hundreds of millions, and so great was the damage inflicted upon the florists and nurserymen that a month or two afterward a charity fete was held at the Old Surrey zoological gardens for their relief. It is impossible, we are told, to imagine the aspect which the windows in London streets presented before the glaziers, whose services were for a long time at a premium, had repaired the destruction. It is a fact, indeed, anomalous though it appears, that historic hailstorms have usually coincided with periods of great heat, and, whatever may be the precise relations of heat and electricity, a heavy fall of hail is seldom noted except as the adjunct of a thunderstorm.—London Globe.

Made Happy For Life.

Great happiness came into the home of S. C Blair, school superintendent at St. Albans, W. Va., when his little daughter was restored from the dreadful complaint he names. He says: "My little daughter had St. Vitus' dance, which yielded to no treatment but grew steadily worse, until as a last resort we tried Electric Bitters, and I rejoice to say, three bottles effected a complete cure." Quick, sure cure for nervous complaints, general debility, female weaknesses, impoverished blood and malaria. Guaranteed by all drug stores. Price, 50c.

Great Men Who Drank.

Cato was a hard drinker, while, in the language of one writer, old Ben Jonson was constantly "pickled." The poet Savage used to go on the hardest kinds of "tears," and Rogers observed, after seeing his own statue, "It is the first time I have seen him stand straight for many years." Byron says of Porson, the great classical scholar, "I can never recollect him except as drunk or brutal, and generally both." Keats was on a spree once that lasted six months. Horace, Plato, Aristophanes, Euripides, Alcaeus, Socrates and Tasso of the old timers and Goethe, Schiller, Addison, Pitt, Fox, Blackstone, Fielding, Sterne and Steele were all hard drinkers at intervals.—London Times.

He Was Realistic.

A newly enrolled volunteer was rather alarmed during his first experience of a sham fight, especially as he heard the colonel in command declare that everything was to be done "the same as in actual warfare." No sooner was the first blank cartridge fired than the frightened soldier dropped his gun and took to his heels.

"Hey, why are you running away?" shouted his captain as the man dashed by him.

"It's all right, sir. I'm doing the same as I would do in actual warfare."—London Answers.

No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opiates, which cause consumption, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and refuse any substitute offered. J. W. McCollum & Co.

No more Alcohol

As now made, Ayer's Sarsaparilla does not contain the least particle of alcohol in any form whatever. You get all the tonic and alterative effects, without stimulation. When a stimulant is needed, your doctor will know it, and will tell you of it. Consult him freely about our remedies.

Will Erect Seward Monument.

Seattle, Wash., Nov. 1.—A movement has been inaugurated in Seattle to erect a monument to perpetuate the services of William Henry Seward, secretary of state under Lincoln and Johnson, by whom was negotiated the treaty with Russia, whereby the United States acquired possession of the district of Alaska for a consideration of $7,200,000. It is proposed to erect by popular subscription, a monument in the heart of the city to be unveiled on the same plan that the Alaskan-Yukon-Pacific expositon is opened to the public, which is set for 1909. Since the acquisition of Alaska by the United States, more than $106,000,000 in gold has been dug out of the ground there and the gold discoveries were the beginning of Seattle's development.

Weevil May Have Crossed Mississippi

New Orleans, Nov. 1.—Search to determine whether the boll weevil has crossed the Mississippi river from Louisiana into the state of Mississippi is being prosecuted in the vicinity of Natchez by officials of the state crop pest commission. At the beginning of the year it was announced by government experts that the weevil would probably make its first crossing of the Mississippi this fall, as it was agreed that the river would prove no barrier to the pests' eastward progress. Recent cold weather, however, has retarded the migration and the present search is conducted under the hope that the weevil may be found still confined to the eastern side of the river.

Insult to Japan.

Tokio, Nov. 1.—A number of journalists held a meeting Tuesday for the purpose of considering the anti-Japanese action of the San Francisco board of education. The following resolution was adopted: "Resolved, That the action of the San Francisco authorities in the segregation of the Japanese children is a great violation of the extsing treaty and an insult to Japanes echildren." It was further resolved that the journalists further combine in an effort to educate public opinion and arouse the authorities to effecting a solution of the difficulty. The journalists agreed to not advocate anything of a violent nature.

G.B.Burhans Testifies After Four Years

G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease have disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Wants Better Battleships.

New York, Nov. 1.—Rear Admiral Sallas Casey, who has been abroad for two years with his family, returned Tuesday. The admiral said that the new battleship Dreadnaught had created considerable stir in naval circles. "I hope the people of the United States will give support to congress to pass the necessary bill to add such ships to our navy," said the admiral. When asked how the American navy compared with the British navy from a fighting point of view, he said: "I know we do not mind two to one, but five to one might prove a little too much."

Dry Dock at Narragansett.

Newport, R. I., Nov. 1.—A movement has been started in this city to bring the attention of the navy department at Washington to the need of a dry dock in Narragansett bay. Assistant Secretary of the Navy Newbury is said to have expressed himself strongly in the need of additional dry docks, and naval officers here point to the advisability of having one in this vicinity.

The Hospital
Thankful are They Who Escape The Surgeon's Knife
Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.
It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.
The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is
Lydia E. Pinkham's Vegetable Compound
Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:
DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.
I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.
It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.
MRS. PAUL OLIVER, St. Martinsville, La.
Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Strikebreakers at Knoxville.

Knoxville, Tenn., Nov. 1.—A party of strike breakers arrived here on Wednesday, presumably from points on the Cincinnati-Southern railroad, and went to work in the shops of the Southern railway. The officials state that twenty-one men were in the party, while the strikers compute the figures at 17. The men entered the shops and took up work without any demonstrations being made. It is stated here that the Knoxville division has received ten locomotives from the Atlanta shops, where they were "assembled" by men from a locomotive works where the Southern recently purchased them.

...AT LEE COUNTY APPEAL.

...Fort Myers Board of Trade has ...n appeal to the business men of ...da to support the drainage ...ment, and in that appeal say: ...people of Lee county are unani... for it; we are the ones who pay ...ecial tax, and we only ask that ...mit us to tax ourselves to pro... our interests. Bear in mind that ...will not cost you one cent; it falls ...upon us."

...this is true (and it is not) why ...they proceed to drain the sub... lands of Lee county, ample ...n for which is made by exist...—Chapter 4178, Laws of Flor... of 1893, Page 106, the first ...of which is as follows:

...ction 1—That the board of coun...missioners of any county in this ...shall have the power when con... to the public health, conveni... or welfare, or where the same ...of public benefit or utility, to ...be constructed, as hereafter ...ed, any drain, ditch or water... within said county."

...second section provides for the ...commissioners to act upon pe... when two or more land owners ...lands are to be effected. The ...ction provides for the appoint... of viewers and prescribes certain ...their duties. The fourth section ...ows for the assessment of lands ...ded, etc. The subsequent sec... provide for the procedure, etc.

...will be observed in these subse... sections that, if the viewers, in ...ssion of the land owners, have ...ed out of proportion to the bene... to be derived from proposed canals ..., each land owner is given the ...ht to a petition of remonstrance. ...n becomes the duty of the coun... commissioners to appoint three dis... freeholders to review the ...rt of the viewers, who are authorized ...make changes in such assessments ...ound in. And again, if the action ...the viewers is approved by the coun... commissioners and they make a ...al order thereon, any land owner ...ho is aggrieved by such final order or ...ay take an appeal to the courts upon any one or all of the following grounds:

First: Whether said ditch will be conducive to the public health, convenience or welfare. Second: Whether the route is practicable. Third: Whether the assessment made for the construction of the ditch is in proportion to the benefits to be derived therefrom.

It might be contended that the law would only help the people of Lee county to drain, but this is not so. Section 21 provides when the proposed canal or drain extends into another county, the county commissioners of said other county can proceed similarly as the county first petitioned.

It will be observed from reading this act that the viewers, reviewers and board of county commissioners are not given arbitrary powers to assess benefits to the lands drained, for a land owner who thinks that he has been unjustly assessed has the right to appeal. But this so-called drainage amendment affords him no redress nor protection from an unjust assessment, which is un-American and contrary to the principles underlying a government of a free people.

A few of the land owners of Lee county who do not live in the drainage district have made this appeal. But from DeSoto county an appeal comes from practically every land owner in the drainage district, asking the people of Florida not to burden them with this unjust tax. Their reasons have been given, and they are regarded as good and sufficient by those who have no interest in the matter. If the people living in Lee county desire to have their lands drained, they have an opportunity for securing this from the law already in force, which will not permit them to tax the people of other counties.

PAPER FROM COTTON STALKS.

One would think that the by-product possibilities of King Cotton had been exhausted, so numerous are the uses to which the kingly plant is put by the manufacturing genius of man, says The Atlanta Constitution, but it now seems certain that the cotton stalk, heretofore of no use save to be plowed under to give its mite of humus to the soil, is at a not far distant day to be a rival of wood pulp in the manufacture of paper.

Nor does the manufacturing uses of the cotton stalk stop with paper. Cotton bagging and cloth can be made from its fiber, and it is probable that other things, such as rope and cordage, will eventually be manufactured from this hitherto useless raw material. The cotton stalk paper manufacturing process that is believed by many paper manufacturing experts to be about to revolutionize the paper making industry of the world, is called the Croll process, the invention of Mr. W. H. Croll of Atlanta. Mr. Croll for more than fifteen years was a paper manufacturer in Terre Haute, Ind., and but a short time ago severed his connection with a paper mill in that place. Of his great discovery, he says:

On a trip through South Carolina I noticed for the first time the stalks of cotton standing in the field after the merchantable cotton had been picked. My attention was attracted to it from a similarity to its twin sister, Flax, in the North. I pulled up quite a number of stalks, being satisfied that the fiber contained in all parts of it would make a superior article of paper. In the early spring of 1905 I commenced studying a process that would act on all parts and fibers of the plant, i. e.: stalks, seed, root, bark, boll, cotton not matured in boll, leaves and branches. After trying different known processes for other paper stock without success, I combined and made a formula that has rewarded my efforts. Samples of pulp and paper made by hand process demonstrate beyond all question the feasibility of cotton stalks as material for the manufacture of all grades of paper. By my process none of the stalk is thrown away, and the unopened bolls as well as the leaves and branches are utilized. In gathering the stalks for use it will be seen that no culling will be necessary.

A very small per cent of the paper mills of the country are located in the South. With the use of the cotton stalk as raw material, there would seem to be no reason why a large percentage of the paper mills of the country should not be located in this section. The paper industry is one of the most important ones in the country and represents at present an invested capital of about $175,000,000. Most of the paper mills are located in New England, just as originally most of the cotton mills were located there. And just as the manufacture of cotton in the South, close to the cotton field, is resulting in pulling the cotton mills away from New England and locating them in the cotton belt, where they logically belong, so will the manufacture of paper from cotton stalks eventually result in the concentration of the paper-making industry in the United States. The great bulk of the paper in commercial use is manufactured from spruce wood pulp, and to supply the raw material the spruce forests of the world have been practically destroyed. It is only a matter of a few years until spruce fiber is at a great premium, and the present high price of paper is attributed to the scarcity of this valuable article of commerce.

If the cotton stalk will take the place of wood pulp, it is a great thing for the users of paper—the newspapers, especially—and it is a great thing for the cotton farmer and the Southern States. It would mean millions of new capital invested in the South, and thousands of intelligent wage-earners given good employment.

In addition to the many magnificent attractions secured by President Brown for the coming Florida State Fair—including the famous White City Hippodrome, which will cost $20,000 for two weeks—John L. Sullivan, the greatest pugilist that ever lived, will be among the number. Sullivan, who was the idol of the prize ring for thirty years, will appear in a three-round sparring match; and his sparring partner, Barry, will at each performance agree to throw any four men in the audience in fifteen minutes. Sullivan will also give a lecture on the art of self-defense, and moving pictures of the greatest fights in ring history will be shown. Sullivan is drawing thousands in Texas at present, including many women and children. There will be nothing in the least offensive about the performance, which will prove a fine drawing card.

It is said that the Texan mayor who received a good whipping at the hands of the late Sam Jones a few years back, became one of his ardent admirers. It is generally agreed that Sam's pounding was equally as elegant as his expounding.

Kentucky Bride for Cable.

Lexington, Ky., Nov. 1.—Announcement has been made of the engagement of Miss Eva C. Stevenson, of this city, formerly of Cincinnati, to George W. Cable, the author and lecturer. Miss Stevenson is a daughter of Robert Stevenson, a former member of congress, and has influential and wealthy family connections in Ohio, Kentucky and California.

Teacher Prevented Panic.

Argentine, Kans., Nov. 1.—The presence of mind of Gertrude B. Wilson, teacher of the seventh grade in the Emerson public school here, prevented a panic and probable loss of life when she forced the children in her room to march from the building in order instead of rushing pell mell when an alarm of fire was given.

Express Packages Missing.

Nashville, Nov. 1.—Two express packages containing a sum of money variously estimated from $1,000 to $5,700, were missing from a Southern Express company car when the packages were checked over by an agent here. Messenger Smith was in charge of the car. Great mystery surrounds the robbery and the officers of the company will not talk.

Bishop Galloway Improving.

Birmingham, Ala., Nov. 1.—A special to the News from Jackson, Miss., says that the condition of Bishop C. B. Galloway Wednesday, shows decided improvement. He passed a good night and is resting easily. His physicians are confident that his recovery is but a matter of a few days.

3,000 Cars Are Needed.

Oklahoma City, Nov. 1—At a meeting of the millers of Oklahoma and Indian Territory here it was reported that three thousand cars to move orders for export of mill and feed stuffs were needed and the cars cannot be obtained. Orders are being cancelled as a result of the shortage of cars.

Rate Hearing Postponed.

Kansas City, Oct. 31.—On account of the illness of Judge O. M. Spencer, of St. Joseph, general solicitor of the Burlington Railway company, the maximum freight rate hearing scheduled to begin in the district court here Tuesday, was postponed until Monday next.

Always Was Sick.

When a man says he always was sick, troubled with a cough that lasted all winter—what would you think if he should say he never was sick, since using Ballard's Horehound Syrup? Such a man exists. Mr. J. C. Clark, Denver, Colorado, writes: 'For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horehound Syrup and have not had a sick day since. That's what it did for me.' Sold by W. M. Johnson.

COVERED FROM HEAD TO FOOT

With Crusted Scaly Eczema When One Month Old—Could Brush Scales Off Body—Young Lady is Now 17 Years Old and Skin is Without a Scar—Cured By

CUTICURA REMEDIES AT EXPENSE OF $4.50

"When I was one month old I was taken with eczema. After being under the treatment of two doctors for one month and no improvement, my mother was advised by a druggist to try Cuticura Soap and Ointment. I was one crust of sores from head to foot. My mother could brush the scales off my body; and my finger and toe nails fell. After using six cakes of Cuticura Soap and about as much Cuticura Ointment I was completely cured. I am now seventeen years old and my skin has not a scar. I am still finding wonders in Cuticura; after washing a fever blister two days it was completely gone." Your Cuticura friend, Miss Eola Glasscock, Oct. 27, 1905. Marksville, La.

The attention of parents is called to the fact that the Cuticura Remedies were used on a one month old baby with complete success, proving what we have always claimed that these great curatives are so pure, so sweet, and so delicately medicated that they may be used on the youngest infants.

CUTICURA REMEDIES

Are the Best for Skin and Blood

"About three years ago my face began to get rough with acne and kept getting worse. A year ago I read in a paper of the Cuticura Remedies for the skin and blood. I sent for them at once. I used the Cuticura Soap, Ointment, and Pills, and in three months my skin was soft and smooth, and the pimples have all disappeared without the services of a physician. I think the Cuticura Remedies are the best that any one can use for the skin and blood." May G. Schiefferle, Sept. 5, 1905. Santa Paula, Cal.

Cuticura Soap, Ointment, and Pills are sold throughout the world. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. Send for "How to Care for the Skin."

Woman Threw Hartshorn.

Atlanta, Nov. 1.—While waiting for a patrol wagon to come to the corner of Mitchell and Mangum streets to get Bella Jones, a white woman, the prisoner jerking out a bottle of hartshorn threw the contents into the face of her accuser, Mrs. Lucy Gale, of 137 West Mitchell street. The victim, almost strangled by the fumes of the hartshorn, was hurried to a nearby drug store, and there was given attention by the doctor, who, after making examination, stated that Mrs. Gale would probably lose the sight of one of her eyes as a result.

Died on Train.

Fort Smith, Ark., Nov. 1.—Thomas C. White, who, from papers in his pocket, appears to have been in the employ of a packing company of Chicago, died on an Iron Mountain and Southern train between Mulberry and Van Buren, Ark., during the night. His home was in Greenville, Miss., and he was a member of the Mississippi immigration bureau. He was a Mason. From what can be learned here, he died shortly before reaching Mulberry. The cause of death is not known. The body was brought to Fort Smith.

Home for Homeless Burns.

Jersey City, N. J., Nov. 1.—While firemen fought a stubborn blaze in the basement of the Home of the Friendless, 100 children, inmates of the institution, under the leadership of the matron, Miss Cecelia Patterson, sang hymns on the floor above. In this way a possible panic was prevented. The fire broke out while the children were at supper. The fire department succeded in confining the flames to the basement.

Had a Close Call.

"A dangerous surgical operation involving the removal of a malignant ulcer as large as my hand from my daughter's hip, was prevented by the application of Bucklen's Arnica Salve," says A. C. Stickel of Miletus, W. Va. "Persistent use of the salve completely cured it." Cures cuts, burns and injuries. 25c at all druggists'.

Will Abolish Death Penalty.

Paris, Nov. 1.—The cabinet has decided to include in its program the purchase of the western railroad and the abolition of the death penalty. Minister of Public Works Barthous' project for the revision of the mining law contemplates the taking over by the state all mines and the participation of the miners in the profits.

Be Charitable

To your horses as well as to yourself. You need not suffer from pains of any sort—your horses need not suffer. Try a bottle of Ballard's Snow Liniment. It cures all pains. J. M. Roberts, Bakersfield, Mo., writes: "I have used your Liniment for ten years and find it to be the best I have ever used for man or beast." Sold by W. M. Johnson.

Will Improve Conditions.

Madrid, Nov. 1.—The cabinet has decided to introduce a bill with the object of ameliorating the conditions of women and children who are compelled to work for a living.

Schnapps Tobacco is Made ENTIRELY from Flue Cured Tobacco Grown in the Piedmont Country. The Imitation Brands Have Schnapps Quality Only On the Outside Of the Plug

Hundreds of imitation brands are on sale that look like Schnapps tobacco. The outside of the imitation plugs of tobacco is flue cured the same as Schnapps, but the inside is filled with cheap, flimsy, heavily sweetened air cured tobacco. One chew of Schnapps will satisfy tobacco hunger longer than two chews of such tobacco. The color, size and shape of the tags, plugs and packages of certain imitation brands of tobacco have been made so much like Schnapps that they have often been accepted by buyers under the belief that they were getting Schnapps. Sufficient proof has been secured to establish the fact that certain brands are infringements and in violation of the trade mark laws, yet the trade will continue to be imposed upon by these infringers until the suit already entered and now pending to protect Schnapps is decided. A great many of these imitations are claimed to be "just as good" as Schnapps, but there is only one genuine Schnapps. Be sure the letters on the tag, and stamped on the plug under the tag spell S-C-H-N-A-P-P-S and then you have it—the most wholesome tobacco produced, with just enough sweetening to preserve the mild, juicy, stimulating quality of the leaf tobacco. Expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than any other and has a wholesome, stimulating, satisfying effect on chewers.

If the tobacco you are chewing don't satisfy you more than the mere habit of expectorating, stop fooling yourself and chew Schnapps tobacco. Schnapps is like the tobacco chewers formerly bought costing from 75c. to $1.00 per pound; Schnapps is sold at 50c. per pound, in 5c. cuts, strictly 10c. and 15c. plugs.

Won Another Contest.

New York, Nov. 1.—Rose L. Fritz, of this city, who won the world's typewriting championship in Chicago last June, came out ahead in the contest at the National Business show in Madison Square Garden. She wrote 2,467 words from dictation in half an hour, making five errors. Of the other thirteen entries, Paul Muenter, who defeated Miss Fritz last fall, came nearest to her record. He wrote 2,466 words, but made 61 errors.

Dairy and Food Commission's Report.

The Minnesota Dairy and Food Commission's analysis shows that Kennedy's Laxative Honey and Tar and Bee's Laxative Honey and Tar contained opiates and croton oil. Opiates are poisons and croton oil is a violent poisonous purgative. Refuse to accept any but Foley's Honey and Tar in a yellow package. Foley's Honey and Tar contains no opiates or dangerous drugs and is the best cough and cold cure. J. W. McCollum & Co.

Mill Men Form Organization.

Charlotte, N. C., Nov. 1.—Mill owners representing seventy-five per cent of the cotton mills of North Carolina, met here and organized the North Carolina Manufacturers' association. R. M. PHENOMENAL DEMAND FOR COOPER MEDICINES

Mr. T. H. McGinniss, 2141 Central Ave., Cincinnati, O., says:

"I have had catarrh, for seven years, and have tried almost every advertised remedy without receiving any benefit. One bottle Cooper's New Discovery has effected a complete cure. I have gained in weight and feel stronger than I have for years. My head is clear, my appetite good, my food digests perfectly, and my whole system has been greatly benefited by your wonderful remedy. I am deeply grateful for the remarkable cure the medicine has effected in my case."

Signed: T. H. McGINNISS.

From All Over the United States Startling Accounts are Received of the Unprecedented Results Obtained With L. T. Cooper's Remedies.

The wonderful new medicines, Cooper's New Discovery and Cooper's Quick Relief, with which L. T. Cooper has had such marvelous success in the treatment of stomach trouble, kidney trouble, catarrh, deafness, rheumatism and other diseases in every large city and about which every one has read numerous accounts in the newspapers, have become in great demand and have had a tremendous sale; this demand for these famous remedies is increasing. From this very city the sale and results obtained from Cooper's New Discovery and Cooper's Quick Relief has been marvelous.

DREAD CATARRH.

If you are troubled with a foul smelling breath, inflammation and soreness of nasal cavities and air passages and the dropping of a nasty mucous from head to the throat, if there is a dull heavy frontal headache and ringing sounds in your head and you find yourself gradually growing deaf, beware of catarrh.

Cooper's New Discovery should be taken internally to expel the catarrhal virus from the system and heal the mucous membranes of the nasal cavities and air passages. It heals the tissues of the throat and bronchial tubes, and frees the entire system of all catarrhal poison.

Cooper's Quick Relief should be used in connection with Cooper's New Discovery for catarrhal headaches and in all cases of catarrhal deafness to open the eustachian tubes and restore the nerves of the ear to their normal condition.

Cooper's New Discovery sells for $1.00 per bottle; six for $5.00. Cooper's Quick Relief costs 50 cents per bottle. You can get them of

WOULD YOU EAT CORN HUSKS

To get at the corn? Of course you would not. Then why should you take the greasy oil of the cod's liver to get the valuable medicinal elements contained therein!

The oil or grease has no medicinal virtue, but it is the medicinal elements enveloped in the oil which represent all the tonic and curative properties of cod liver oil.

In Vinol you get all the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, but no oil. The oil is thrown away for the same reason you throw away the corn husks.

Our local druggist, W. M. Johnson, says: "Knowing the wonderful medicinal, curative and body-building properties of Vinol, I wish every person in Gainesville who is over-worked, run-down, debilitated, every old person, every weak woman, every sufferer with chronic colds, bronchitis or incipient consumption, would try Vinol on our offer to return money if it fails to benefit."—W. M. Johnson, druggist.

NOTE.—While we are sole agent for Vinol in Gainesville, it is now for sale at the leading drug store in nearly every town and city in the country. Look for the Vinol agency in your town.
